

Class of 2018

Today we celebrate the success of our Year 12 students and their outstanding results. The Class of 2018 have continued the story of Scotch College Adelaide being amongst the leading schools of South Australia and Australia when it comes to academics and achievement.

Undoubtedly this cohort will be acknowledged by their peers, teachers and the community as deserved scholars. None more so than the Dux of Sciences, Matthew Giddings, whose perfect score of 99.95 ranks him as one of the highest achieving students in Australia. Matthew attained Merits in Research Project, Chemistry (2017), Physics, Mathematical Methods, Specialist Mathematics and Biology (2018). An outstanding result by any measure. Alexandra Johnston who attained a 99.90 is our Dux of Humanities with Merits in Biology (2017) and Chemistry, Mathematical Methods, Physics and English Literary Studies (2018). Benjamin Voyvodic also on 99.9 is our Dux of Combined Studies having achieved Merits in Research Project and Biology (2017) and Chemistry and Physics (2018).

Results at a glance for the 2018 cohort:

- 46% over an ATAR of 90
- 31.4% greater than 95
- 6 students with a score over 99
- 21 Merits across 17 subjects

College Principal, Dr Newton is delighted with the results. "The diversity which has always been a strength of this cohort is reflected in the pathways these students have now qualified for. I congratulate my staff for the value they have added throughout these students' schools lives, and the students for seizing the opportunities we have given them. We know that we are preparing young people to lead with confidence. They are now equipped to be learners for life, with the ethical framework, skills and wellbeing that will support them to take on the challenge of being effective professionals, loyal citizens and fulfilled human beings."

Our graduating students are rightly proud of their achievements in the many facets of their schooling. It is evident that those who embrace the opportunities of a Scotch education have found that our emphasis on the whole person and the importance of relationships as the foundation of learning are evidenced with these remarkable results.

Year 11

In addition to the fine achievements of the Class of 2018 students there are many other outstanding results for the Class of 2019 – our current Year 11 students.

In the subject Research Project, 55 of our students achieved in the A grade band.

52% of Year 11 students studying a Stage 2 subject (other than the Research Project) achieved in the A grade band. This bodes well for next year, which promises to be another quality performance.

In celebrating these achievements, in addition to the numerous opportunities for our students to grow into well-rounded citizens of the world through our extensive service and cocurricular programs, a Scotch education is once again realized as great value for life.

Scotch90 Club Students

Ellie Altschwager	Sophie Fotheringham	Thomas Mather
Nicholas Barry	Matthew Giddings	Enya McEwin
Edward Bastian	Lucy Hammond	Mackenzie Pederick
Tess Bastian	Louis Heard	Thomas Phillips
Henry Bennett	Tobias Heithersay	Nicholas Pietris
Jedd Birdseye	Paul Henshaw	Magali Rainbird
Riley Bowles	Christian Ignatavicius	Daniel Sladojevic
Febe Brice	Alexandra Johnston	Harry Spurrier
William Burton	Ben Kapur	Lily Thai
Erin Cameron	Hudson Laycock	Kostas Tsekouras
Jack Castine-Price	Louis Legoe	Jessica Tulla
Kate Caudle	Jiayi (Sandy) Li	Yohan Verghese
Sarah Coldwell	Eva Lockhart	Benjamin Voyvodic
Sasha Daniel	Rosie Lushington	Millicent Watson
Piper Delbridge	Zara Lyon	Emily Wilson
Lara Ebbinghaus	Alexander Martin	Harry Winwood

We will formally recognise the Merit students, Scotch90 Club and Duces at the Scotch Commencement Chapel Service to be held on Friday 1 February 2019.

Year 12 students who achieved a Merit in 2018

Name	Award	Merit/s
Matthew Giddings	Dux of Science	Physics, Mathematical Methods, Specialist Mathematics, Biology
Alexandra Johnston	Dux of Humanities	Chemistry, Mathematical Methods, Physics, English Literary Studies
Benjamin Voyvodic	Dux of Combined Studies	Chemistry, Physics
Tobias Heithersay		Visual Arts – Design, English
Febe Brice		Psychology
Jack Castine-Price		General Mathematics
Parisya Mosel		Drama
Sasha Daniel		Food and Hospitality
Piper Delbridge		Health
Hudson Laycock		English
Jiayi(Sandy) Li		English as an Additional Language
Daniel Sladojevic		General Mathematics
Yohan Verghese		Chemistry
Millicent Watson		Business and Enterprise

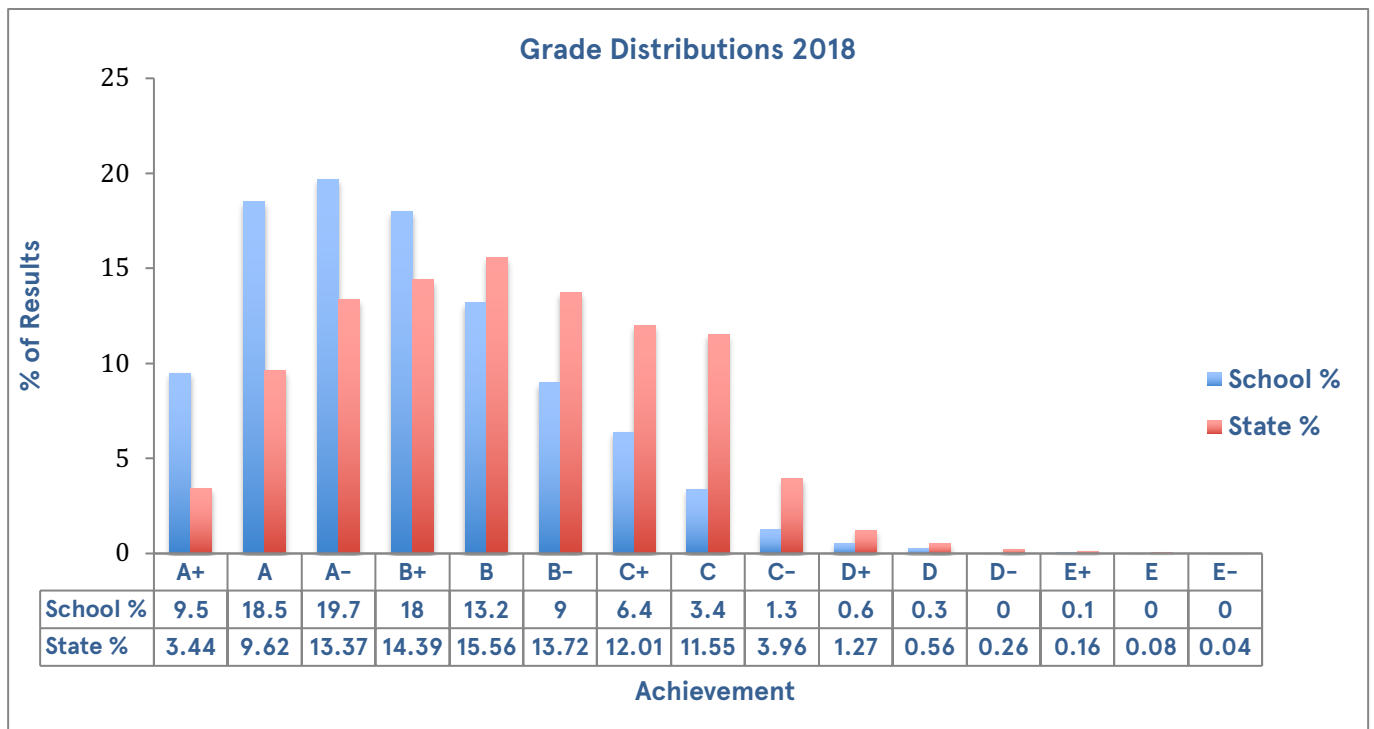

Year 12 students who achieved a Merit in 2017

Matthew Giddings	Research Project, Chemistry
Yohan Verghese	Research Project, Biology
Benjamin Voyvodic	Research Project, Biology
Jedd Birdseye	Research Project
Lara Ebbinghaus	Research Project
Paul Henshaw	Biology
Christian Ignatavicius	Research Project
Alexandra Johnston	Biology
Louis Legoe	Nutrition
Jiayi (Sandy) Li	Solo Performance
Millicent Watson	Research Project

Year 11 students who achieved a Merit in 2018

Jake Bastian	Research Project, Biology
Hannah Carter	Research Project
Chloe Morris	Nutrition
Johana Nunan	Psychology
Nicola Pavlic	Workplace Practices (2017)
Phillipa Smith	Research Project
Samuel Subramaniam	Research Project
William Turner	Research Project

The following graph compares Scotch College students with results in the state. As is evident we have done particularly well in the A grade band.

We would like to acknowledge the wonderful community partnership we have with great teaching, the hard work of students and commitment of parents to support their sons and daughters to achieve a tremendous life outcome.

Wishing you and yours a peaceful, safe and fun festive season.

Teresa Hanel
Deputy Principal - Teaching and Learning

Dale Bennett
Deputy Principal - Head of Torrens Park Campus
