## BILLING CYCLE

Fee statements are issued via email in advance of each term and payments should be made by the following dates unless an alternate payment arrangement has been accepted.

## PAYMENT OBLIGATIONS

Our policy that outstanding fees and disbursements are settled within the prescribed terms is strictly enforced. Responsibility for payment of College accounts rests with those person(s) who signed the Enrolment Agreement. If both parents signed the Enrolment Agreement, a parent cannot remove themselves from that agreement without the College's and the other parent's consent. This means that unless the College agrees, the legal liability for fees remains in accordance with the Enrolment Agreement.

In addition to this Fee Schedule, for further terms and conditions regarding payment please refer to your Enrolment Agreement and the Debtor Policy (available from the College's website).

## THE PRE-PAID EDUCATION PLAN

Parents (or others) may pay future year tuition fees in advance on a term-by-term basis at today's fees, thereby spreading their financial commitment over a long period and hedging against fee increases.

The purchase of certificates under the Pre-paid Education Plan must be made at least 12 months in advance of redemption.

A pre-paid certificate will be issued at the time of purchase and the payment applied against fees during the nominated term and year.

For further information, please contact the Administration Office.

## SCHOLARSHIPS

The College values student excellence and diversity and seeks to recognise this through the provision of a range of scholarships each year. For further details please refer to our website.
